

### Report to the Community July 2012-June 2013

### **Animal Outcomes**

\* Animals that are euthanized at the request of their owner for end of life reasons are not included in this number.

### Our mission is to engage the hearts, hands and minds of the community to help animals.

Thank you for your generous support in helping us achieve the results outlined in this Report to the Community.

In the fiscal year that ended June 30, 2013, we maintained our focus on reducing the number of animals coming into our shelters, increasing our placement rate of animals in the community and reducing the humane euthanasia rate. This has been our goal for more than three years, and we remain encouraged by our progress - with the understanding that much work remains. During the past year, we reduced our intake of companion animals by 4 percent and increased our placement rate to over 81 percent. The humane euthanasia rate has decreased by 45 percent during the course of this effort, but saw little change in 2013.

We continue to aspire to finding loving homes for at least 90 percent of the animals that come through our doors. We are grateful for your commitment to our shared vision as we work together to create a more humane world for animals.

### Geographic Area Served

Animal Humane Society serves animals and people from its facilities in Anoka, Hennepin, Ramsey, Washington and Wright counties. The Humane Investigations unit provides services throughout Minnesota and western Wisconsin.
